- Oops Concepts

EXPERIENCE

Technical Writer | Tailwind CSS3, JavaScript, ReactJS, Node Js, Express Js   **March 2022 - Present**

- Written articles on a range of technological topics for GeeksforGeeks, demonstrating my technical expertise. Node JS, React JS, Tailwind JS, JavaScript, JS
- Researched complex topics and presented them in an easily understandable format
- Focused on practical applications and real-world use cases

PROJECTS

E- Commerce Website ⤴ | React JS   **2023**

- The React E-Commerce Website is a sophisticated web application developed in React, a powerful front-end JavaScript library.
- Seamlessly integrated "Add to Cart" functionality empowers users to manage their shopping effortlessly experience.
- The website is designed with a focus on providing a visually cohesive and user-friendly e-commerce platform.

Portfolio Website ⤴ | HTML, CSS, React Js, Styled Components   **2023**

- Designed a dynamic portfolio with seamless ReactJS transitions, engaging users with smooth navigation and micro interactions.
- Leveraged the capabilities of ReactJS to create a website that is not only feature-rich but also ensures a seamless and responsive user experience across devices
- Include a contact form or interactive elements like modal pop-ups to encourage user interaction and facilitate communication with potential clients or employers

IP Fetcher ⤴ | HTML, CSS, JavaScript, Chrome APIs   **2023**

- Created a Chrome extension with the primary function of retrieving the IP address associated with the currently active website in the open tab.
- The extension delivers real-time and accurate information, offering users insights into the network location of the currently viewed web page.
- Designed with a user-centric approach, the extension ensures a seamless and intuitive experience for users seeking to obtain the IP address of the current website

EXTRACURRICULAR

- Join Google Developer Club
- Fuel my passion for technology and communication by crafting impactful articles for the vast GeeksforGeeks community.
